

 Year 1 Autumn 2: Where do we live?			
Vocabulary			
Settlement	Places where people live.	Need to know knowledge: 1) Know that settlements are places where people live. A town is a type of settlement and Bolton is a town in England. 2) Know that things built by humans are human features and things that are natural are physical features. 3) Know that a map shows you what a place looks like from above (ariel view).  4) Know that a map uses symbols to show different features. This is called a key. 5) Know the different compass directions:  6) Know that we use fieldwork to find out about an area.	Nice to know knowledge: Directions Left Right Human Geography city town village shop factory house office farm harbour port Physical Geography weather beach coastline forest hills river mountain valley cliff swamps sea - ocean vegetation soil
