

 Year 2 Summer 2: Pirates at the Seaside			
Vocabulary			
Beach	A build-up of sand which protects the coastline.	Need to know knowledge: - Know key features of a coast and understand which are human features and which are physical features: - Cliff - a steep rock face close to the edge of the sea. (Physical) - Beach - land by the edge of the sea, usually covered with sand or small stones. - Bay - a place where the coast bends inwards and sea fills the space. - Know: - Blackpool Human features: pier, hotels, bed and breakfast, rides, theme park, Sandcastle water park, tram, shops, Blackpool tower - Blackpool Physical features: sea, beach, rockpools, coast, sand. - Blackpool is affected by pollution. Pollution is when rubbish, smoke and chemicals go into the environment and are harmful for humans, animals and plants. Understand that it is important for us to protect the environment and coasts. - Understand that areas covered by land are split up into continents. Know that there are 7 continents and identify them on a map of the world: Europe, North America, South America, Africa, Asia, Oceania and Antarctica  - Understand that areas covered by water are split up into oceans. Know that there are five oceans in the world: Atlantic Ocean, Pacific Ocean, Indian Ocean, Southern Ocean and Arctic Ocean. - Know that an island is an area of land surrounded by water and that Australia is an island. It has coastline all around and lots of beaches. - Know where Sydney is on a map and that Sydney is the oldest city in Australia. It is famous for one of the world's most recognisable landmarks in the world; the Sydney Opera House.	Nice to know knowledge:
